Our Wild Calling:
How Connecting with Animals Can Transform Our Lives—and Save Theirs by Richard Louv

“A remarkable book.” —BILL MCKIBBREN, author of Fall: Has the Human Game Begun to Play Itself Out?

“Through many fascinating stories of human-animal interaction, Richard Louv urges us to be open-minded about animals and reposition our species inside the natural world.” —FRANS DE WAAL, author of Mama’s Last Hug: Animal Emotions and What They Tell Us about Ourselves

OVER A DECADE AGO, Richard Louv’s landmark book, Last Child in the Woods, inspired an international movement to connect children and nature. Now, with Our Wild Calling, Louv redefines the future of human-animal coexistence. It’s a work that explores the powerful and mysterious bond between humans and other animals, both wild and domesticated—how it can transform our mental, physical, and spiritual lives, serve as an antidote to the growing epidemic of human loneliness, and help us tap into the empathy required to preserve life on Earth. Transformative and inspiring, Our Wild Calling points us toward what we all long for in the age of technology: real connection.
